## **Swordfish** **VariPoint Mini**

Dual Power  
Pencil Sharpener

# Operating Instructions

## Power

Insert 4 x AA batteries, observing correct polarity

or

Plug in the USB lead (supplied) into the USB socket on your computer or your smartphone charger.

The **VariPoint**

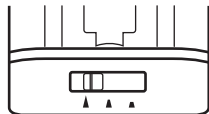

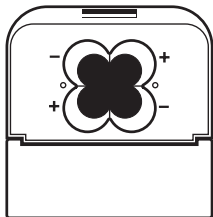

**Mini** is also compatible with the USB sockets on the **Swordfish VariPower** range

or

Use a standard 6 Volt DC, 1.5A Power Supply Unit, fitted with a centre-positive co-ax plug (not supplied)

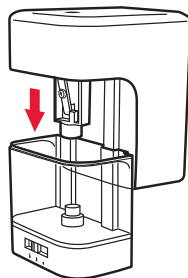

## Setting

Set the sharpener to produce the point that you want - from sharp to rounded.

## Empty

Slide the shavings tray downwards to release.

## Safety

The sharpener will not work unless the shavings tray is re-fitted correctly.

## Clean or Replace

Twist and pull to remove the blade assembly.
